A&E Catalina

Easy To Set Up A Breeze To Store

CATALINA

The Catalina can be set up quickly and stored easily by one person. It's made of heavy-duty reinforced vinyl and allows full or partial extension in both patio and carport positions. This easy-to-operate awning stows neatly in a slender Euro-style case made of anodized aluminum and is available in four popular lengths. The premium vinyl fabric features the Horizon stripe colour pattern on both sides. Fits straight or curved side vehicles, campers, van conversions, fold-down campers compact trailers. Awnings come complete with hardware.

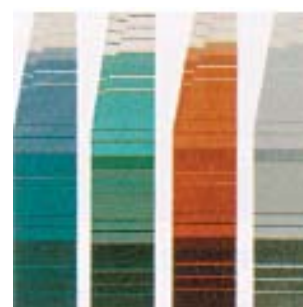

EASY INSTALLATION

- Perfect for direct mounting on straight and most curved motor-homes, vans, van conversions, camper trailers and caravans.
- Optional Universal Van Adapter Kit permits permanent or temporary installation without drilling holes in the vehicle.

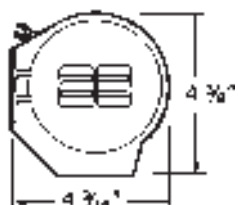

GREAT CHOICE OF FABRIC COLOURS!

Heavy-duty 13-ounce triple laminated vinyl; full length valance; two-sided colour.

Polar Aqua Blue Periwinkle Polar Burgundy Polar Black & Grey

A&E 9000

A Statement Of Elegance

Soft, cool, and elegant, the Elite 9000 is in a class of its own. Elite 9000's **painted aluminum wraparound** weathershield is a series of precisely hinged extrusions that roll into a sleek fabric case and provide maximum protection for the fabric.

- **All aluminum weathershield provides maximum fabric protection.**
- Colours are woven in and fade resistant to provide a beautiful appearance on both sides for years to come.
- The Elite 9000 is built with A&E Universal Hardware. Good looking yet rugged and dependable, it's easy to operate and fits virtually any RV.

The colour in this chart should be used as a guide only. For exact fabric colour, see your Dometic A&E Awning dealer.
